GENERAL INFORMATION

FEES: The registration fee is \$350 for physicians, \$275 for Ohio State University faculty and \$200 for non-OSU hospital trainees and nurses. The fee includes the cost of course materials, breakfast, lunch and breaks. Fees may be paid by Visa, MasterCard, Discover, and American Express on the CME site only. Checks can be made payable to OSU Ophthalmology.

ACCOMMODATIONS: A block of rooms for symposium participants from out of town is reserved at the Sonesta Columbus Downtown for arrival on March 9th and departure on March 11th (rates of \$149.00 for single or double occupancy). Reservation requests received after February 6th will be accepted on a space and rate availability basis. If the group rate is not available after the cut-off date, the prevailing room rates will apply for any reservations confirmed. We encourage participants to arrange for accommodations early due to other activities occurring that weekend in Columbus. Participants may visit eye.osu.edu and click CME and Educational Events under the Education tab for the link to reserve your room at the Sonesta Downtown Columbus.

ACCREDITATION: The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians. **AMA DESIGNATION STATEMENT:** The Ohio State University Medical Center designates this educational activity for a maximum of 11 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

COURSE OBJECTIVES: 1. Identify & discuss current data surrounding climate change, the role of the healthcare system and ophthalmology specifically in creating it, the impact it is having on patient health. 2. Discuss Periocular Reconstruction and common lid lesions. 3. Discuss how molecular epidemiology plays a role in ocular disease and prevention. 4. Discuss legal requirements for vision and driving, some of the literature around vision and driving, and a discussion on our role as ophthalmologists. 5. Describe the work up and management of the tearing patient.
