

Combined Internal Medicine-Pediatrics Residents

PGY1

Cole Bredehoeft, MD

Cole.Bredehoeft@osumc.edu

Hometown: Green Ridge, MO

Undergrad: University of Missouri-Columbia (MIZ!)

MD: University of Missouri-Columbia (ZOU!)

Why OSU/NCH for residency: Great categorical programs on both sides with solid reputations. Also, I really enjoyed my interactions with everyone from the program on my interview day through match day. Career plans and interests: Undecided at this point. Possibly combined hospital medicine or infectious disease.

Hobbies: 1) Spending time with my partner, Tim, and our dog, Maverick. 2) Watching KC Chiefs football 3) Exploring Columbus to find new places for brunch or to grab a beer.

Favorite OSU or NCH rotation: Umm... I just started so I guess I will find out!

Why choose Columbus? There's always some festival or event going on around town so it's easy to find something to do when you have free time!

Duncan Campbell, MD

Duncan.campbell@osumc.edu

Hometown: Findlay, OH

Undergrad: University of Notre Dame

MD: Loyola University Chicago

Why OSU/NCH for residency: To come back to Ohio and be close to family, and to practice at a big academic center with a great reputation and awesome coworkers!

Career plans and interests: Primary care vs. Hospitalist

Hobbies: Golf, reading, and playing with my daughter!

Favorite OSU or NCH rotation: TBD

Why choose Columbus? The people (family, friends, fellow residents)

Jen DeSalvo, MD

Jennifer.Desalvo@osumc.edu

Hometown: Cleveland, OH

Undergrad: The Ohio State University

MD: The Ohio State University College of Medicine

Why OSU/NCH for residency: I LOVE the people here! The Med-Peds family is very supportive at both institutions, with many connections to practicing Med-Peds physicians in almost any field and type of practice imaginable. I've also fallen in love with Columbus and have two younger siblings that attend OSU so it's been fun to cheer on the Buckeyes together.

Career plans and interests: I'm really passionate about Adult Congenital Heart Disease and the social determinants of health and disease knowledge and education that play into transitioning from pediatric to adult care. I've also enjoyed the opportunity to connect with faculty passionate about Ultrasound education and global health.

Hobbies: Looking for the best brunch spots in Columbus, listening to podcasts, playing soccer, hiking

Favorite OSU or NCH rotation: As a med student, I really enjoyed my ACHD rotation. I've only rotated in the MICU as a resident so far, but have enjoyed the opportunity to care for critically ill patients and their families and perform procedures and simulations.

Why choose Columbus? The food/coffee/brewery scenes

THE OHIO STATE UNIVERSITY

WEXNER MEDICAL CENTER

Combined Internal Medicine-Pediatrics Residents

Dominic Haertling, MD

dominic.haertling@osumc.edu

Hometown: Perryville, MO

Undergrad: University of Missouri - Columbia

MD: University of Missouri - Columbia

Why OSU/NCH for residency: Everyone I met on my interview day at OSU/NCH was very friendly and invested in getting to know me and my career goals. I could see myself fitting in well with the residents and faculty. I also knew that I would get superb clinical training on both the adult and pediatrics side.

Career plans and interests: I'm not for sure, but I think I would like to stay a generalist, whether that be a general hospitalist or primary care physician.

Hobbies: Snow Skiing, Running, Traveling

Favorite OSU or NCH rotation: I've only rotated through Pediatric Hematology/Oncology since being here, but I really enjoyed it!

Why choose Columbus? Running on the Olentangy Trail (which mirrors the Olentangy River all the way into downtown) has been one of my favorite things to do since moving here.

Brandi Heinz, MD

brandi.heinz@osumc.edu

Hometown: Beloit, OH

Undergrad: Malone University

MD: Albany Medical College

Why OSU/NCH for residency: I wanted a Med-Peds program that was strong in peds and medicine! I also wanted a larger program size and a program where residents were genuinely happy!

Career plans and interests: Primary Care

Hobbies: Yoga, Chilling with my pug (& husband), Baking/Eating baked goods

Favorite OSU or NCH rotation: NICU (Only rotation thus far... but I love it!)

Why choose Columbus? So many festivals and delicious restaurants

Michael Neiger, MD

michael.neiger@osumc.edu

Hometown: Columbus, OH

Undergrad: The Ohio State University

MD: The Ohio State University College of Medicine

Why OSU/NCH for residency: Throughout my med school rotations, the Med/Peds residents were consistently my favorite people to work with. I learned a lot on each of those rotations and still always had a good time. My one month elective working at South High (the resident clinic) easily confirmed this was the right program for me.

Career plans and interests: Probably primary care. I'm interested in caring for individuals with developmental disabilities

Hobbies: Trivia, movies, OSU Buckeyes/Cleveland Browns football

Favorite OSU or NCH rotation: TBD - looking forward to finding out during intern year

Why choose Columbus? Football Saturdays in the Shoe

Anthony Sanchez, MD

anthony.sanchez@osumc.edu

Hometown: Naperville, IL

Undergrad: University of Notre Dame

MD: Ohio State University College of Medicine

Why OSU/NCH for residency: I love living in Columbus, both programs are very strong, and the med/peds faculty are the best here!

Career plans and interests: Combined hospitalist, pulmonary/critical care, or maybe something else! I don't know yet!

Hobbies: Cooking, dad jokes, craft beer, coffee, exercising

Favorite OSU or NCH rotation: TBD, I am a young flower!

Why choose Columbus? Good breweries, coffee shops and a solid food scene!

Combined Internal Medicine-Pediatrics Residents

Matthew Schreier, MD

matthew.schreier@osumc.edu

Hometown: Shoreview, MN

Undergrad: University of Notre Dame

MD: Loyola University Chicago

Why OSU/NCH for residency: Legendary adult congenital heart, combined and set-apart med-peds clinic, and the best resident interactions I had on any interview day.

Career plans and interests: Pediatric/Adult Congenital Cardiology or Pediatric Interventional

Hobbies: Hiking, cooking, eating

Favorite OSU or NCH rotation: Acute Coronary Service

Why choose Columbus? Random food trucks literally everywhere.

Shilpa Sridhar, MD

shilpa.sridhar@osumc.edu

Hometown: Buffalo, NY

Undergrad: Duke University

MD: The Ohio State University College of Medicine

Why OSU/NCH for residency: I chose it for the balance between the IM and Peds programs. Both institutions do cutting edge research and the clinical exposure is phenomenal on both sides in terms of diversity of diagnoses.

Career plans and interests: Undecided but I will most likely be pursuing a fellowship. Top choices right now are critical care, nephrology, and rheumatology but that could change.

Hobbies: Reading things outside of medicine, trying new foods from around the world, being outside, and singing music

Favorite OSU or NCH rotation: I just started so I've only done Acute Care, which has been a good way to transition from med school to residency!

Why choose Columbus? The food! It feels like every few months there is a new restaurant everyone is raving about!

Christopher Woeste, MD

woeste.39@osu.edu

Hometown: Dayton, OH

Undergrad: University of Dayton

MD: Wright State University

Why OSU/NCH for residency: The wonderful training in both adult and pediatric medicine and the people who choose to do both at the institutions.

Career plans and interests: Complex Care, Critical Care, and/or Cardiology

Hobbies: Running, cycling, watching TV, spending time with family

Favorite OSU or NCH rotation: Too early to tell

Why choose Columbus? The food, the beer, and the people.
