

A Research Study about Nasal Congestion and Smell Loss

- Do you want to participate in Research?
- Are you suffering from chronic nasal obstruction?
- Do you have complaints of smell loss?
- Are you between ages 18 to 70?

The Ohio State Department of Otolaryngology is currently enrolling individuals **experiencing chronic nasal obstruction and /or smell loss**. This is a noninvasive research study evaluating complaints of chronic nasal obstruction as well as smell loss.

The study requires about 2-3 hours of your time, during which you will undergo odor and irritation detection tests, a CT scan, and measurements of nasal airflow and volume. A total of 3 visits may be required. You will be compensated for your time. For each visit, the compensation may range from \$20 to \$65, which will be mailed to you after the visit.

For more information, please ask your physician to arrange for a consultation or call: 614-366-1794
