How to Navigate the Program

Here's how to find your AHA Scientific Sessions educational content:

- Use *Browse by Community* to review sessions for your specific area of interest.
- Use the *Browse Program* to review sessions by area of interest: Community, Day, Session Type and more!
- Save sessions to “*My Schedule*” to quickly see the times and locations of sessions you are interested in!
- Use the global search option (“*Search Everything*”) to find specific faculty, your own presentation, session number or complete a keyword search.
- Find information on the Heart Hub, Science and Technology Hall, Poster Hall, Council Events, Satellite Events, shuttle schedules, maps, and more!

Search and download the app from the Google Play or App Store by searching “AHA Conferences”!

Event Highlights

Pre-Sessions Symposia & Early Career Day: November 10

Early Career Development

Fri., Nov. 10, 8:00 AM – 11:30 AM

Pennsylvania Convention Center

The Early Career/Professional Development sessions promote networking and mentorship between early career members and senior investigators for scientific outreach and career building. The sessions are open to all attendees but are targeted to early career participants.

Early Career Lunch with Legends

Fri. Nov. 10, 12:00 PM - 1:30 PM

Pennsylvania Convention Center

QCOR at Scientific Sessions 2023

Fri., Nov. 10, 8:00 AM - 4:45 PM

Pennsylvania Convention Center, 102AB

The QCOR at Scientific Sessions 2023 program features a debate, a session on health equity, an interactive session, and two abstract-based sessions-- the Early Career Investigator Award Finalist Competition and the Rapid Fire Oral Session. Connect and network with your QCOR peers during the Networking Lunch! The QCOR program will be of interest to clinicians, researchers, medical students and trainees, nurses, pharmacists, administrators, healthcare and managed care professionals, policymakers, and other professionals interested in the quality of care and outcomes research in cardiovascular disease and stroke.

Congenital Heart Disease and Pediatric Cardiology Symposium

Fri., Nov. 10, 2:00 PM - 6:45 PM

Pennsylvania Convention Center, 126A

This symposium will provide an update on CHD research and innovations - with sessions on the latest findings from CHD clinical trials and multicenter studies, successes and challenges over the past decade of CHD research, and finally a look to the future of CHD innovation in 2022 and beyond.

Heart/Kidney Symposium

Fri., Nov. 10, 2:00 PM - 6:45 PM

Pennsylvania Convention Center, 126B

The Heart/Kidney Symposium leverages the best in cardiovascular and kidney-related clinical care delivery. This learning experience tackles clinical management complexities for patients at the intersection of acute and chronic

renal disease and cardiovascular disorders. Experts will provide pearls for the cardiac intensivist, discuss the most up-to-date practice-based guidelines and debate strategies to optimize patient outcomes.

State-of-the-Art in Cardiovascular Care 2023

Fri., Nov. 10, 2:00 PM - 6:45 PM

Pennsylvania Convention Center, 104AB

The State-of-the-Art in Cardiovascular Care sessions bring together a high-level overview of the most recent advances across numerous topic areas in cardiovascular and stroke clinical medicine. This exceptional 1-day learning opportunity provides for a fast-paced experience guided by a prestigious faculty sharing the most contemporary insights to impact clinical care delivery and patient outcomes.

Health Tech & Innovation Summit

Sat., Nov. 11–Mon., Nov. 13

McCormick Place, Health Innovation Pavilion, Science & Technology Hall

The Health Tech & Innovation Pavilion (HIP) features three days of engaging events right in the center of all the activity in the Science and Technology Hall. Produced by the Center for Health Technology and Innovation, the Pavilion will include events that will explore the role of technology in the prevention, management and treatment of cardiovascular disease and will examine ways to drive innovation and collaboration in the marketplace. Session topics were created for everyone from basic researchers to those in clinical practice, public health and business. The HIP will also be the home to this year's Health Technology Competition, AHA's own unique shark-tank style business and science competition with sessions over the three days of the conference! Join us for technology demonstrations, panels and networking featuring health tech thought leaders.

Early Innovators Spotlight

Sat., Nov. 11–Sun., Nov. 12

CardioTalk Theater 1, Science & Technology Hall, Level 200

Join us for our inaugural Early Innovators Spotlight program which provides AHA-funded early career researchers an opportunity to share their science with the Scientific Sessions audience. Each session will include research presentations and discussion with prominent leaders. Be sure to attend a session to hear about the latest AHA funded research and to interact with global thought leaders.

More Don't-Miss Educational Activities

Abstract Sessions

Late-Breaking Science
Learning Studios
Main Event Sessions

For details on these activities, access the AHA Mobile Meeting Guide App or scientificsessions.org.

Early Career Investigator Award Competitions

Don't miss these council-sponsored sessions/competitions throughout the conference that recognize promising and outstanding investigators and clinicians in the early stages of their careers and stimulate continued interest in basic, clinical, translational or population cardiovascular research.

Fellows in Training

The American Heart Association | American Stroke Association (AHA | ASA) Fellows in Training (FIT) program was developed in 2016 and is one of the American Heart Association's top priorities. AHA is hosting programming in the AHA Professional Member Lounge to provide the Fellows a space to relax, network, and learn. These FIT-dedicated sessions will take place from Saturday through Monday, and they are created and moderated by current AHAFITs. Refer to the AHA Mobile Meeting Guide for details.

Go Red Women in Science & Medicine Programming

Go Red Women in Science & Medicine programming will be presented in the AHA Professional Member Lounge. This is a space to relax, network, connect with colleagues and participate in personal and professional development programming geared toward female professionals.

The Council Challenge

Who will take the crown from CVSA?

Join us for a fierce, live competition!

Represent your council to earn global bragging rights to be called AHA's Top Council!

Sat., Nov. 11, 3:15 PM - 4:30 PM

Heart Theater in the Science & Technology Hall

NEW this Year

Special Early Career edition of the Council Challenge

Sun., Nov. 12, 3:30 PM - 4:45 PM

Member Lounge

AHA/ASA Professional Membership

AHA professional members are a multidisciplinary, international group of clinicians and researchers representing every career stage. Our members establish clinical practice guidelines, conduct groundbreaking research, mentor the next generation, and create AHA's world class scientific meetings. Visit the Membership Booth to learn about the ways to engage and our range of benefits (like exclusive access to apply for over \$500k in career recognition awards and \$150M in research funding annually.) Members will receive a special gift when they bring their redemption card to the booth (card is in the registration materials provided at check-in.)

All Member Reception*

The All Member Reception will be held before we kick off an evening of council events.
