To our health care partners:

As we continue to face the challenge COVID-19 poses to our health care system, The Ohio State University Wexner Medical Center and The Ohio State University Comprehensive Cancer Center – James Cancer Hospital and Solove Research Institute want to share valuable, up-to-date information with you since you have referred to us in the past.

- Our website has a dedicated COVID-19 page with important resources, including daily coping tips for health care professionals feeling stressed about the COVID-19 outbreak.

- Looking for video educational information? Visit Ohio State MD Connect. Here are free COVID MedNet 21 CME webcasts:
  - Epidemiology and Initial Management of COVID-19
  - Outpatient Management of COVID-19
  - Management of the COVID-19 Patient with Respiratory Failure

- For help addressing your patients’ needs, Ohio State’s Physician-to-Physician Consult Line, 614-293-4444, provides you with access to our physicians and specialists 24/7 for guidance.

- To reduce the risk of COVID-19 exposure to your patients, we’re taking steps to convert all non-urgent visits to telehealth visits. If your patients have appointments scheduled already, our team will contact them to determine if a telehealth visit is appropriate.

We’re dedicated to making this process as seamless as possible for you and your patients. Please take two minutes to complete a quick survey so we can ensure you have the information and support you need. While our methods of delivering patient care have changed as we adapt to the outbreak, our mission of providing outstanding patient care continues.

It goes without saying that this is an unprecedented time. Stay safe and take care of yourself. And thank you for all you’re doing to protect everyone in your community.

Andrew Thomas, MD, MBA
Chief Clinical Officer
The Ohio State University Wexner Medical Center

David Cohn, MD
Chief Medical Officer
The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute
