

What's HealthBeat HUB?

- HealthBeat HUB is the internal digital platform that connects Wexner Medical Center faculty and staff by providing valuable resources, essential tools and the most important stories of the day.
- HealthBeat HUB can be accessed via web browser or the official mobile app.
- While the Ohio State Wexner Medical Center Department of Marketing and Strategic Communications staff manages the site, any employee at the medical center can post, comment on and like a story.

What's new with HealthBeat HUB?

- The HealthBeat HUB homepage has been refreshed to give you access to your most-used shortcuts, information you need to know and a custom landing page tailored to the topics you follow.
- We've also launched an updated and branded HealthBeat HUB mobile application for Apple and Android devices to keep you connected on the go.

Do I need to download the new mobile app?

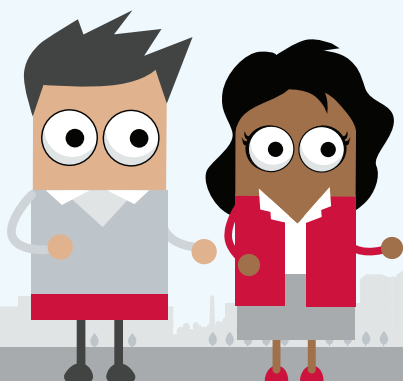

- Yes! All users, even those who currently have the Firststep mobile app, will need to download the new app.
- The new mobile app can be downloaded from the app stores on Apple and Android devices by searching **HealthBeat HUB** or by texting **HUB** to 45411.

Why should I download the new app?

- We've made many updates to HealthBeat HUB to improve the user experience and to create a one-stop location for news, tools and connections with your team members.
- Various giveaways are available for those who download the new app and engage on HealthBeat HUB, including gift cards, BRAVO points, Ohio State merchandise, athletic event tickets and more!

How do I log in to HealthBeat HUB?

- Go to the URL linked in the QR code below. Log in using Single Sign-On (SSO) and your medical center user ID followed by @osumc.edu (for example, Buc13@osumc.edu).

We've created a website to guide you through HealthBeat HUB!
