

# THE OHIO STATE UNIVERSITY WEXNER MEDICAL CENTER

Physician Referral Guide

**THE OHIO STATE UNIVERSITY**  
WEXNER MEDICAL CENTER

## IT'S NEVER BEEN EASIER TO REFER TO OHIO STATE

Refer your patients to The Ohio State University Wexner Medical Center in just two steps:

1. Complete our single-page Universal Referral Form located at [wexnermedical.osu.edu/ReferralForm](http://wexnermedical.osu.edu/ReferralForm).
2. Fax the referral form and clinical documentation to **614-293-1456**. For referrals to the James Cancer Hospital and Solove Research Institute, please fax to **614-293-9449**.

After we have received your fax:

- We will contact your patient directly to schedule a convenient time and location for his or her appointment.
- We will send you confirmation of your patient's appointment for your records.
  - We can send this notification via mail, fax or DocLink, per your preference.
  - Update your contact preference in your Wexner Medical Center physician database by calling Physician Relations at **800-293-4326**.

**If you have any questions during any part of the referral process or about the status of your patient, please call our referral specialists at 614-293-5123.**

## DocLink

### DocLink

If you are a DocLink user, you can refer your patients electronically. DocLink is Ohio State's web-based program that provides real-time, HIPAA-protected access to all electronic health records. It provides prompt communication of the patient's diagnosis, medications, test results and treatment plan, and allows you to place orders for tests and send referrals electronically.

Not a DocLink user? Visit [wexnermedical.osu.edu/DocLink](http://wexnermedical.osu.edu/DocLink) to enroll today. Questions? Call **614-293-3861**.

## BETTER CARE THROUGH PARTNERSHIP & COLLABORATION

The Ohio State University Wexner Medical Center is committed to making it easier than ever to refer patients. Through our referral partnership, we will work with you to create a collaborative, personalized treatment plan for your patient, allowing you to maintain your patient's primary care.

We will assist you with diagnosis, treatment and any required monitoring.

After being seen at Ohio State, your patient will be transitioned back to you for ongoing care.

### Physician-to-Physician Consult

Through Ohio State's Transfer & Physician Consult Line, you and your staff have immediate access to our physicians and specialists 24/7 for questions and guidance. You can speak with a trained nurse triage specialist who will coordinate transfers to the physician of your choice or to the physician on-call to help you address your patient's needs. Call **614-293-4444** for this service.

### Find a Doctor

Our trained referral team will arrange patient appointments with the appropriate department or specialty area at Ohio State. However, if you prefer referral to a specific doctor, you can indicate so on the Universal Referral Form.

- Visit [wexnermedical.osu.edu/find-a-doctor](https://wexnermedical.osu.edu/find-a-doctor) to learn about each of our physicians' background and specialties.

### Healthcare Services

As the only academic medical center in central Ohio, we provide the most advanced, comprehensive medical specialties.

- Visit [wexnermedical.osu.edu/healthcare-services](https://wexnermedical.osu.edu/healthcare-services) to learn about our departments and healthcare services.

### Referring Physician Contact Database

Communicating with you is critical. If you would like to add or update your office location, contact information, communication preferences (fax, U.S. mail or DocLink) or other information in our physician database, please contact Physician Relations at [MDRelations@osumc.edu](mailto:MDRelations@osumc.edu) or call **800-293-4326**.

## IT'S NEVER BEEN EASIER TO COMMUNICATE WITH OHIO STATE WEXNER MEDICAL CENTER

### Interoperability Initiatives

We offer our provider network interoperability options to exchange and utilize patient information. We have implemented and participate in these initiatives:

- **CliniSync** – Ohio's health information exchange
- **Carequality** – Network-to-network trust framework that allows providers to securely share data
- **eHealth Exchange/The Sequoia Project** – A rapidly growing community of exchange partners who share information under a common trust framework
- **Direct Exchange Communications** – Securely transmit messages containing patient information

Ohio State also has the ability to integrate directly with these vendor EMRs:

- **Epic**
- **Athenahealth**
- **eClinicalWorks**
- **Cerner**

### Share Images

Ohio State can send and receive radiology, cardiology or other images using Nuance PowerShare Network.

### Go Paperless

If you receive faxes or U.S. mail and would like to move to one of the online methods above, please contact Physician Relations at [MDRelations@osumc.edu](mailto:MDRelations@osumc.edu) or call **800-293-4326**.

*Faxing is still supported for lab results, radiology/cardiology/endoscopy and other procedure results and referral letters as well as for notifications when a patient of yours is seen in the emergency department, held for observation or admitted.*

### Insurances We Accept

Ohio State facilities and providers accept most insurance plans. For a complete listing of insurances, visit [wexnermedical.osu.edu/Insurance](http://wexnermedical.osu.edu/Insurance).

## WEXNER MEDICAL CENTER REGIONAL OUTREACH TEAM

Your regional outreach team can help you navigate Ohio State Wexner Medical Center, including:

- Referral information, issues or concerns
- DocLink signup
- Requests for visits/calls with Ohio State physicians
- Requests for patient materials
- Access to CME

## WHY REFER A PATIENT TO OHIO STATE WEXNER MEDICAL CENTER?

As the only academic medical center in central Ohio, Wexner Medical Center provides your patients access to cutting-edge technology, a robust research program and a team approach to care that keeps you involved and connected.

### OHIO STATE IS:

- Rated one of America's "Best Hospitals" by *U.S. News & World Report* for 26 consecutive years
  - In 2018-2019, 10 of our specialties were nationally ranked, seven of which are featured in the top 25. Fewer than 0.5 percent of hospitals in the country achieved that honor.
  - **Ranked specialties:** Cancer; Cardiology and Heart Surgery; Diabetes and Endocrinology; Ear, Nose and Throat; Geriatrics; Neurology and Neurosurgery; Nephrology; Orthopedics; Pulmonology; and Urology.
  - Ohio State is also rated high-performing in two adult procedures/conditions: Gastroenterology and GI Surgery, and Rehabilitation.
- *Becker's Hospital Review* selected us for its 2018 list of "100 Great Hospitals in America" for excellence in quality patient care and clinical research, leadership in innovation and our rankings and awards
- Home to more Castle Connolly "Top Doctors" than any other central Ohio hospital
- Magnet-designated for national nursing excellence in three hospitals
- Visited by more than 1.8 million patients each year
- A medical research powerhouse with more than 20 centers and institutes and 25 core research laboratories actively conducting 2,000+ studies
- A National Cancer Institute-designated comprehensive cancer center

A referral to Ohio State is not only easy for you, but easy for your patient. With more than 100 facilities in central Ohio, patients can often see a specialist closer to home with convenient access and quick scheduling.

 <p><b>BEST HOSPITALS</b> US News &amp; World Report NATIONAL RANKED IN 10 SPECIALTIES 2018-19</p>	<p>HOSPITAL REVIEW <b>100</b> Great Hospitals in America   2018</p>	 <p><b>MAGNET</b> RECOGNIZED AMERICAN NURSES CREDENTIALING CENTER</p>	 <p><b>NCI</b> Comprehensive Cancer Center A Cancer Center Designated by the National Cancer Institute</p>	<p>Top Doctors</p>

## WORLD-CLASS FACILITIES CLOSE TO YOUR PATIENTS

Convenience matters and is an important consideration when choosing treatment locations, particularly when handling a stressful medical condition or long-term follow-up care. Accessibility and distance can be key factors in determining patient adherence to a prescribed care plan.

Ohio State has more than 100 facilities across central Ohio and multiple regional facilities. This includes seven hospitals and 12 multispecialty community locations. In addition, Ohio State has 18 regional locations so we can provide care closer to your patient's hometown.

### Health care at The Ohio State University Wexner Medical Center includes seven hospitals:

- **University Hospital:** The flagship patient care facility has more than 600 beds. It is a designated Level I trauma center. It's also home to the most advanced intensive care units in the area, including a Level III neonatal intensive care unit and a comprehensive burn center.
- **Brain and Spine Hospital:** This 60,000-square-foot, 116-bed hospital includes specialized units for stroke care, neurotrauma and traumatic brain injuries, spinal cord injuries and spine surgery, epilepsy, chronic pain, acute rehabilitation and neurosurgery.
- **Dodd Rehabilitation Hospital:** This facility is home to Ohio State's nationally accredited rehabilitation inpatient program specializing in stroke, brain and spinal cord rehabilitation. The program is dedicated to physical medicine and rehabilitation research, training and treatment.
- **Ohio State Harding Hospital:** This 73-bed hospital offers the most comprehensive mental health and behavioral health services in central Ohio in inpatient and outpatient settings.

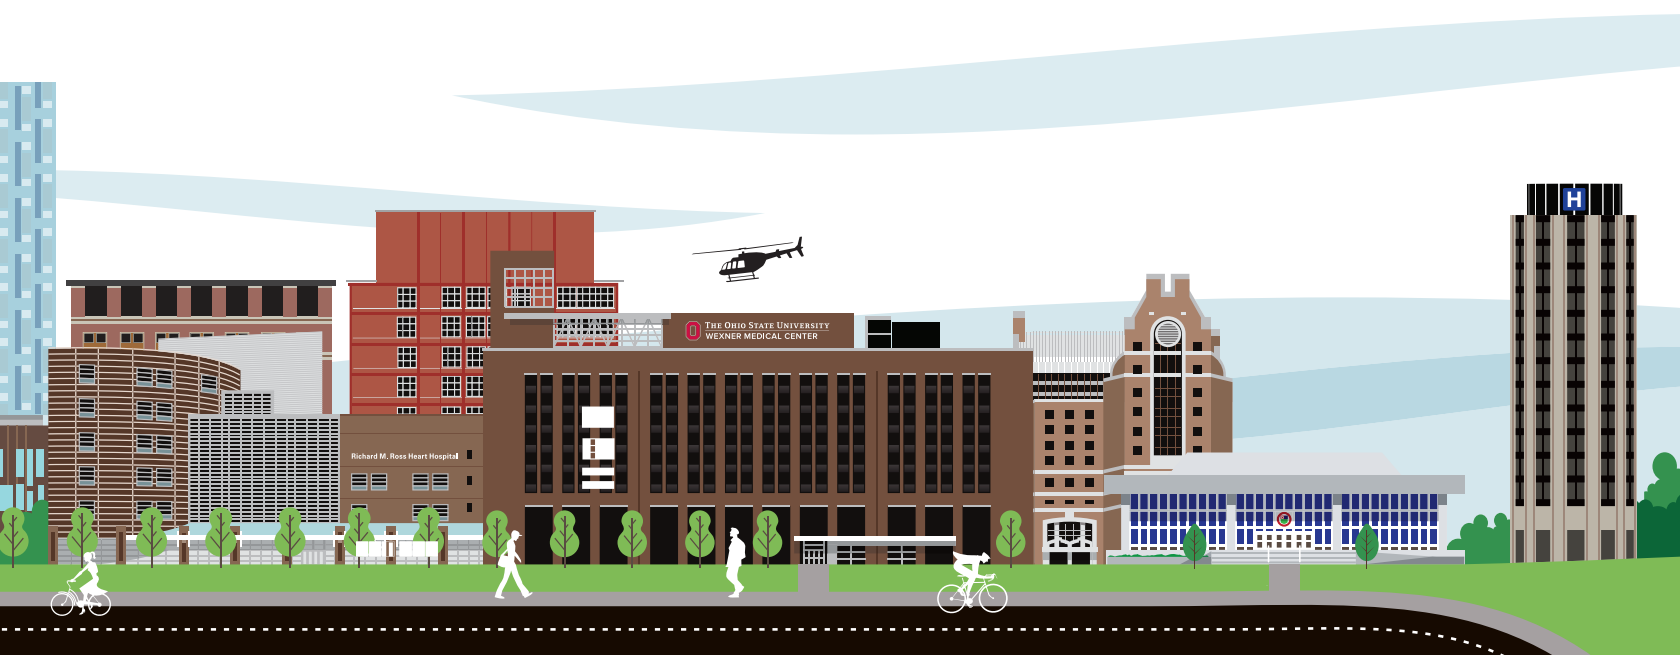

- **The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (OSUCCC – James):**

The only cancer program in the country that features a National Cancer Institute (NCI)-designated comprehensive cancer center aligned with a nationally ranked academic medical center and a free-standing cancer hospital on the campus of one of the nation’s largest public universities.

- One of only 49 comprehensive cancer centers in the nation as designated by the NCI, a designation that we have maintained through competitive renewal since 1976.
- More than 200 oncologists, each of whom specializes in one type of cancer. This expert sub-specialization leads to more productive integration with cancer research and, ultimately, to better outcomes.
- With 21 floors, 356 beds and more than 1.1 million square feet, The James is the third largest cancer hospital in the nation.
- One of only a few cancer centers in the nation funded by the NCI to conduct both phase I and phase II clinical trials on novel anticancer agents sponsored by the NCI.
- More than 340 cancer researchers from 11 of the 15 colleges at The Ohio State University are members of an OSUCCC – James research program.

- **Richard M. Ross Heart Hospital:** This 150-bed facility is the only nationally ranked heart hospital in the area, according to *U.S. News & World Report*.

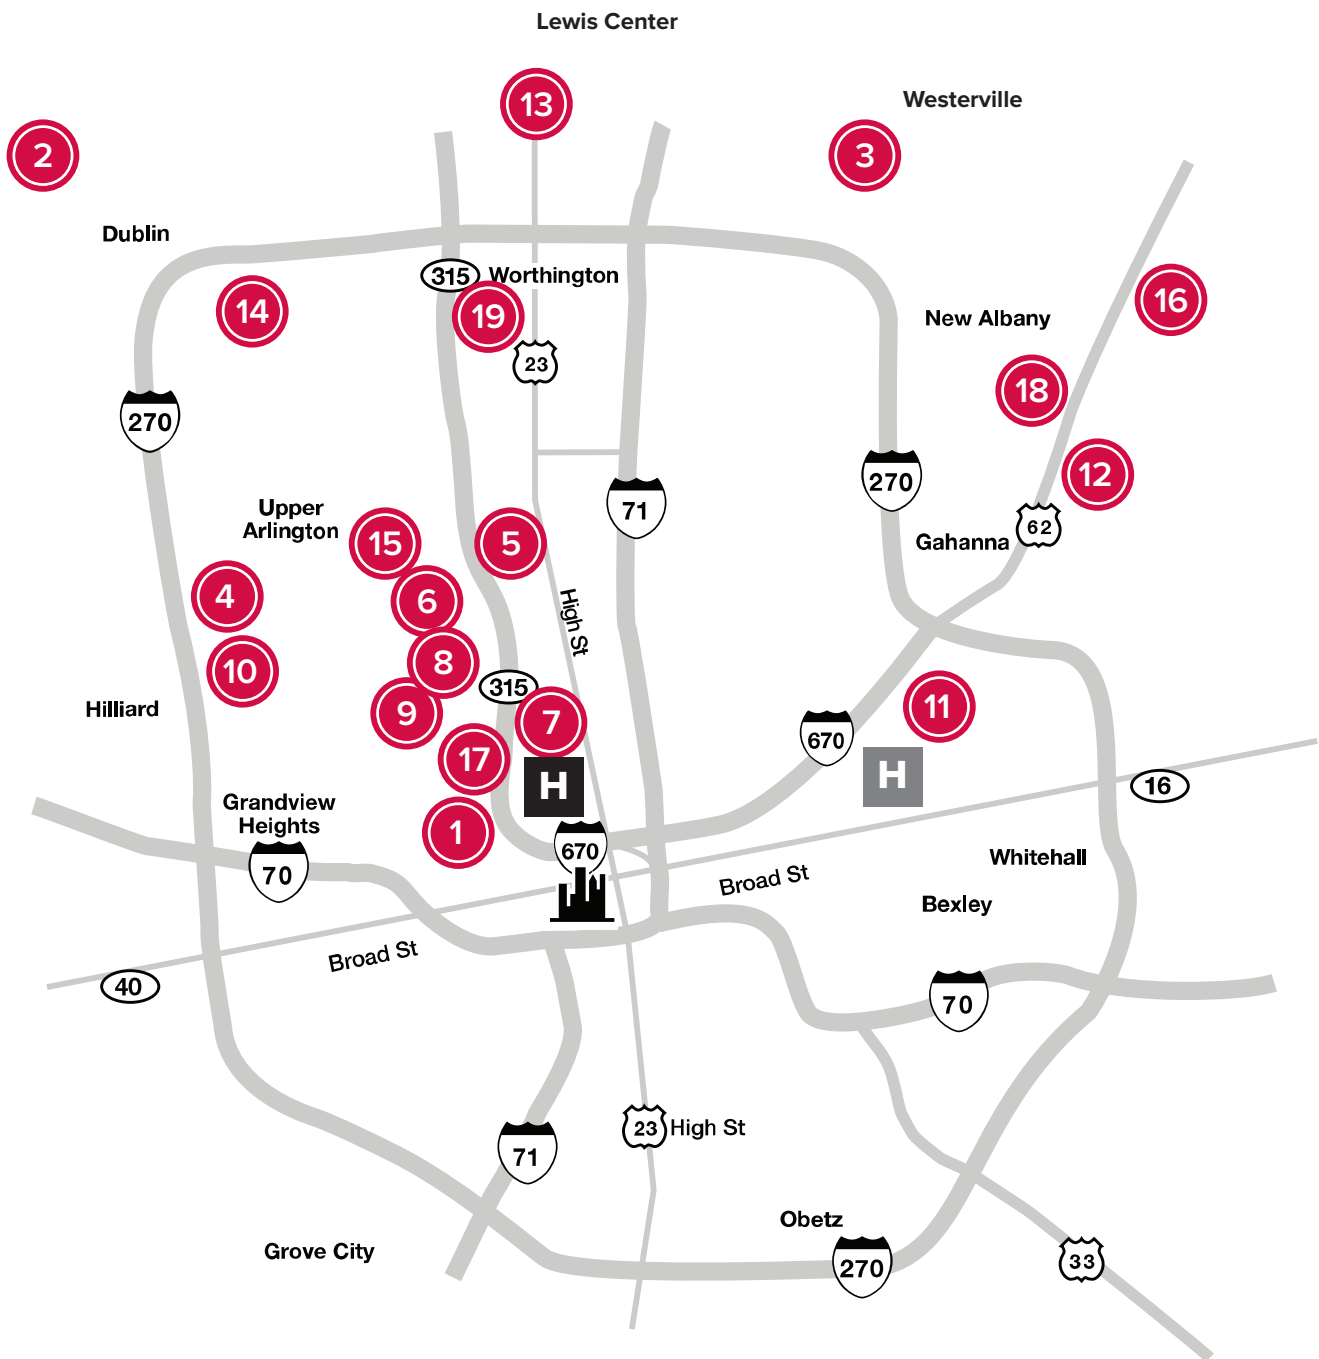

- **University Hospital East:** This hospital blends academic medicine with a community-based setting in a comprehensive outpatient facility (543 Taylor Ave.) and 200-bed hospital (181 Taylor Ave.) on Columbus’s East Side. It provides a full range of medical and surgical services, including orthopedics, general surgery, vascular surgery, plastic surgery, ENT, cardiovascular and pulmonary care, family medicine, general internal medicine and emergency medicine, as well as benign hematology and general oncology clinics.

## CENTRAL OHIO COMMUNITY LOCATIONS

Beyond our seven hospitals, Ohio State has more than 100 facilities across central Ohio to provide convenient patient access and the most technologically advanced research, teaching and patient care possible. Like our hospitals, our modern medical offices, labs and classrooms are balanced by interior design and natural spaces that promote healing and invite private reflection. Some of our central Ohio facilities include:

- 1. Eye and Ear Institute**  
915 Olentangy River Road  
Columbus, OH 43212
- 2. Havener Eye Institute Dublin**  
6435 Post Road  
Dublin, OH 43016
- 3. Havener Eye Institute Westerville**  
484 County Line Road W., Suite 240  
Westerville, OH 43082
- 4. JamesCare Gynecologic Oncology Mill Run**  
3651 Mill Run Drive  
Hilliard, OH 43026
- 5. Jameson Crane Sports Medicine Institute**  
2835 Fred Taylor Drive  
Columbus, Oh 43202
- 6. Martha Morehouse Outpatient Care**  
2050 Kenny Road  
Columbus, OH 43221
- 7. McCampbell**  
1518 Dodd Drive

## DocLink

### Staying up-to-date on your patients' progress has never been easier.

When you refer your patients to The Ohio State University Wexner Medical Center, we want to keep you well-informed of their experience in our hospitals, so that they can make a seamless transition back to your care.

DocLink is Ohio State's web-based program that provides real-time, HIPAA-protected access to all electronic health records. It provides prompt communication of the patient's diagnosis, medications, test results and treatment plan, and allows you to place orders for tests and send referrals electronically.

Get enrolled today by visiting [wexnermedical.osu.edu/DocLink](https://wexnermedical.osu.edu/DocLink) or calling **614-293-3861**.
