

The Ohio State Harding Hospital Mental Health Fair | May 2-6

Thank you to our community partners who've contributed to this year's Buckeye Mental Health Fair bags. Please review the list below and visit their sites for more information.

Buckeye Paws

Buckeye Paws was with the mission of supporting the mental and emotional health of staff at The Ohio State University Wexner Medical Center through highly trained, certified therapy dog-handler teams. Due to the success of the program and support from President Kristina M. Johnson and the Buckeye Paws Advisory Board, Buckeye Paws provides therapy dog assistance to students, faculty and staff of The Ohio State University. The dogs of Buckeye Paws are certified through Canine Good Citizen and the Alliance of Therapy Dogs. medicine.osu.edu/departments/psychiatry-and-behavioral-health/buckeye-paws

EPICENTER

The Early Psychosis Intervention Center (EPICENTER) at Ohio State was established to deliver comprehensive behavioral health services to youth and young adults who are showing the early warning signs of a burgeoning psychotic disorder or who have experienced a first onset of psychotic symptoms within the last five years. medicine.osu.edu/departments/psychiatry-and-behavioral-health/epicenter

Ohio State Employee Assistance Program

Ohio State is committed to being a healthy workplace, which includes benefit offerings to help manage life's challenges. Benefits-eligible Ohio State faculty or staff members have access to the Ohio State Employee Assistance Program (EAP) that offers tools and resources to help address complex issues that can be affecting mental and emotional well-being. EAP services are also available to benefits-eligible faculty and staff's immediate families, members of their household and parents and parents-in-law. hr.osu.edu/benefits/eap

Ohio State Nutrition Services

Nutrition Services is a self-operated food and nutrition department. We offer personal nutrition counseling and group classes to help with diabetes, weight loss, weight management, obesity, kidney disease, kidney stones and other health conditions. Retail dining options are available at many locations across the medical center campus and in ambulatory settings. Healthy inpatient meals are provided to nourish patients during their stay at any Wexner Medical Center hospital. wexnermedical.osu.edu/nutrition-services

Ohio State STAR Program

The Stress, Trauma And Resilience (STAR) Program at the Ohio State Department of Psychiatry and Behavioral Health offers programs and services in three basic areas: support for professionals, support for survivors and leading-edge research. If you are a survivor, it's not your fault. We can help you heal. medicine.osu.edu/departments/psychiatry-and-behavioral-health/star

Ohio State Suicide Prevention Program

The Ohio State University Suicide Prevention Program works to engage a campus community of nearly 100,000 students, staff and faculty through education, outreach and advocacy. We are committed to creating a systematic, inclusive, diverse and coordinated effort where suicide prevention is seen as a shared campus responsibility. suicideprevention.osu.edu

Ohio State Talbot Hall

Since 1974, Talbot Hall has provided high-quality, comprehensive drug and alcohol addiction recovery services in central Ohio. Physicians and staff are trained and experienced specialists in the latest clinical techniques and proven treatment methods. We offer a full range of outpatient programs tailored to meet the individual needs of each patient. Talbot Hall also has 25 beds for patients whose therapy requires a hospital stay. wexnermedical.osu.edu/locations/talbot-hall

The Ohio State University Wexner Medical Center Office of Legal Affairs

The Office of Legal Affairs provides legal advice and representation to The Ohio State University, to its constituent units and affiliated entities and to its trustees, officers, employees and student leaders while acting on the university's behalf. Our services include advice and counsel on all matters having legal significance for the university, contract review, legal workshops and educational programs. legal.osu.edu/locations/wexner-medical-center

33 Forever

33 Forever was created by merging the skills, abilities, passions and hopes of Dani's family and friends — using the resources from those individuals and organizations to positively impact this critical health crisis. This wealth of human and other resources is being further utilized to garner and grow the support, input and direct assistance of experts in the relevant fields — medical, psychological, educational, legal, non-profit, financial, technological — and to both raise awareness and promote action about mental health and well-being by policymakers, community leaders and practitioners, as well as those affected by these conditions and their loved ones. 33forever.life

Franklin Co. ADAMH Board

ADAMH helps Franklin County residents find the right places to turn for affordable, quality alcohol, drug addiction and mental health services. Our mission is to improve the well-being of our community by reducing the incidence of mental health problems and eliminating the abuse of alcohol and other drugs in Franklin County. adamhfranklin.org

Helping Hands

The mission of the Helping Hands Health and Wellness Center is to be the caring hands of Jesus to provide medical care, health education, counseling and social services to those with needs. Helping Hands Health and Wellness Center is a community- and faith-based, free medical clinic that serves uninsured and underinsured adults whose income is at or below 400% of the federal poverty guidelines. helpinghandsfreeclinic.org

Mental Health America / Franklin County Suicide Prevention Coalition

The Franklin County Suicide Prevention Coalition aims to increase communication, coordination and collaboration efforts in Franklin County to prevent suicide and bring hope and support to those affected by suicide. Efforts include decreasing stigma, increasing awareness of available support, promoting suicide prevention education and improving suicide data quality. mhaohio.org or franklincountyspc.org

Moms2B

Moms2B is a central Ohio prevention program for expectant moms at high risk for infant mortality or the death of a living baby before their first birthday. wexnermedical.osu.edu/obstetrics-gynecology/pregnancy/moms2b

NAMI Ohio (National Alliance on Mental Illness of Ohio)

NAMI Ohio was created in 1982 by a small, dedicated group of family members to provide mutual support, education and advocacy for individuals and families affected by serious brain disorders. Our mission is to improve the quality of life and ensure dignity and respect for persons with serious mental illness and offer support to their families and close friends. namiohio.org

Nationwide Children's Hospital / On Our Sleeves

Children's mental health has been one of the least talked about issues in pediatrics — until now. With the creation of On Our Sleeves, Nationwide Children's Hospital, America's largest network of pediatric behavioral health treatment providers and researchers and home to the Big Lots Behavioral Health Pavilion, is determined to give this cause a voice. Because children don't wear their thoughts on their sleeves, together we must break stigmas and educate families and advocates about children's mental health. Our mission is to provide every family in America access to free, evidenced-based educational resources, powered by the experts from Nationwide Children's and our collaborating partners. www.OnOurSleeves.org

NeedyMeds

Founded in 1997, NeedyMeds is a nonprofit organization dedicated to educating and empowering those seeking affordable health care. needymeds.org

Netcare Access

Netcare Access is Franklin County's 24-hour mental health and substance use crisis intervention and assessment services for adults and adults with developmental disabilities. Netcare is your connection to the county's Alcohol, Drug and Mental Health (ADAMH) system, providing referrals to other ADAMH agencies for treatment services.

Ohio Suicide Prevention Foundation

Suicide devastates families, friends, and communities. And with substance use disorder and mental illness having a profound impact on Ohio's growing suicide rate, it is time to direct our focus, energy, and resources for suicide prevention. Suicide has no boundaries. It knows no age. It discriminates against no one. No race, ethnicity, or sexual orientation is exempt. OSPF supports suicide prevention and mental health advocacy efforts. Our work involves connecting all Ohioans with community-based resources that can make a life-saving difference. www.ohiospf.org

Radiant Yoga

Set in old Worthington, Ohio, our intimate and nurturing yoga and wellness studio was created as a home away from home for tranquility and peace of mind. Our mission is to design a lifestyle that inspires change through the ancient practices of yoga, ayurveda, reiki, meditation and more! radiantyogaandwellness.com

The P.E.E.R. Center

The P.E.E.R. Center is a peer operated drop-in wellness, recovery and support center. Operational since Jan 2007, our mission is to provide a safe place where individuals receive respect, encouragement and hope that supports and strengthens their recovery from mental illness, addiction and/or trauma. thepeercenter.org

Well Being Connection

We are a non-profit based in New Albany dedicated to creating a movement that inspires compassion for mental health. We were built by people who've been there, so the path of mental wellness is a personal one. We are committed to providing mental health resources, education, and support to help you understand your options, find your people, challenge your limiting beliefs, reclaim your power and find peace. www.thewellbeingconnection.org
