

## OHIO STATE UNIVERSITY NEUROSCIENCE CENTER CORE

### INJURY CORE FEE STRUCTURE

The Core provides general supplies and reagents, but Users are responsible for any supplies or reagents that are unique to their particular project. Users are also responsible for the *per diem* costs of all animals while housed in the Facility. Faculty without funding may request a fee waiver.

Fee	Service
\$20/day flat fee for all core usage	Core performs pre-op prep, surgery (and injury if needed), and all post-op care (procedure = one surgery/injury)
	Core performs locomotor and sensory testing to monitor functional recovery
	Core assists or trains users with surgeries or locomotor and sensory testing
	Core performs daily care for operated/injured and control animals
	PI lab personnel use Core lab equipment with no assistance from Core staff
No charge	Consultation and project design
