Friday and Saturday, April 20 - 21, 2018

The James Cancer Hospital  
Conference Center  
460 West 10<sup>th</sup> Avenue  
Columbus OH 43210

**THE OHIO STATE UNIVERSITY**  
WEXNER MEDICAL CENTER

## Educational Mission:

This two-day program is specifically designed for Urology Chief residents and fellows interested in learning the latest advances in robotic surgery for kidney, bladder, adrenal and reconstructive urologic procedures. Live surgical procedures and honest discussion of the strengths and limitations of robotic techniques will be offered. Our ultimate goal is to allow attendees to gather the information necessary to consider the role of robotics in their future careers.

## Course Participation:

This program is offered free of charge for residents and fellows, including registration, meals during the conference, and hotel. To register you must provide a credit card. A charge of \$250 will only be assessed for "no shows" or cancellations within two weeks of the course.

Those residents participating in the hands-on portion of the course on Saturday morning will be finished by 11:30 am. Registration is limited, especially for the hands-on dry lab on Saturday with preference given to Chief Residents. We will have a waiting list in the event that registration fills, so please plan to register early.

Individual residents or his/her program will be required to cover cost of airfare or automobile travel and associated travel expenses to Columbus, Ohio and make those arrangements independently. Hotel accommodations will be covered by Ohio State at double occupancy. Attendees will be assigned a roommate for their stay at the discretion of the meeting planner.

Registration Deadline is **March 19, 2018** in order to be guaranteed a room reservation. Registration may be available after that date but please contact Tracey Pierman at [Tracey.Pierman@osumc.edu](mailto:Tracey.Pierman@osumc.edu) to ensure we have a hotel room available prior to sending your registration or making travel arrangements.
